- First, click the ▯ button on toolbar if the chart looks blurry
- Next, print out 2 copies of this page
- Place a credit card in the box at right to verify size
- Fold & tape the 2 dark lines together
- Place either heel in the arches against a wall
- Count along the lines to find your shoe size.

Important!

Place a credit card in this box to make sure your print-out is the correct size. You can also measure the ruler guides below.
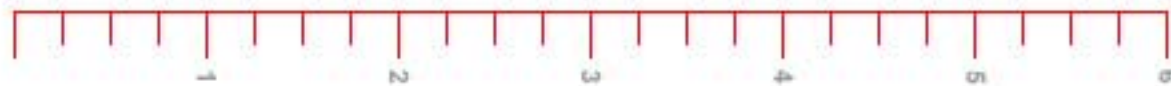

If it is not the correct size, check your printer settings to make sure the 'Fit to page' box is **NOT** checked.
